

Dear Our Valued Customers,

We would like to start out by saying thank you to everyone that called, made carryout orders, purchased gift cards and supported small businesses during these difficult times. We are excited to have the opportunity for reopening Friday May 22nd, 2020 with new strict guidelines set forth by the CDC and Kentucky state Governor. We want to ensure everyone is informed of all the changes we have made to increase the safety of our employees and our guests during your dining experience. We recognize that the experience might seem a little different, but we want our staff and guest to be 100% confident when it comes to everyone's health and safety.

Please read the following changes and procedures we have implemented carefully:

- All staff will be required to wear masks and gloves. While our guest will not be required to wear a mask, we do ask that you respect our staff and other patrons and their rights.
- All staff will be adhering to strict CDC and Health Department guidelines on hand washing, sanitizer use, and cleaning regimens.
- We have created a QR code for digital, non-contact viewing of all our menus, and disposable menus will be available upon request.
- We have implemented a non-contact form of payment via Toast. Please ask your server for details during your visit to take advantage of this option.
- Cloth napkins will no longer be used and be replaced by disposable napkins.
- Hand sanitizer will be readily available in all areas of the restaurant including the front entrance and restrooms.
- All of our tables and chairs adhere to the strict 6ft social distancing restrictions.
- All tables, chairs, and seating will be sanitized before and after each seating.
- Door handles, push bars, bathrooms, and frequent contact surfaces will be sanitized on a regular basis every 30 min.
- Due to the seating restriction being 33%, our dining room will become occupied rapidly. We suggest making a reservation to ensure a spot is reserved. To make a reservation, use Open Table or call the restaurant directly. Walk-in seating will be limited. Patio seating will be non-reservable and on a first come, first served basis weather permitting.
- Please note that if you arrive early for your reservation, we will ask you to remain in your car until your table becomes available, simply call the restaurant to let our hosts know you have arrived, and we will call you back when your table is ready. Our bar will not be available for waiting to adhere to social distancing guidelines.

Thank you for your understanding and cooperation as we learn a new and safer way to serve you. We look forward to serving you the best steaks in the city.

Sincerely,

The Steak & Bourbon Family
